

Dear Parents,

Thank you for your interest in Eagle Point Christian Academy. I appreciate the opportunity to share with you about what God is doing here and consider it an honor to do so. We are beginning our 35th year as a school and count it great joy to have been used in the lives of so many for so long.

EPCA is a mission driven school that is firmly committed to honoring God in every facet of education. Our mission is to partner with families to teach students to know God through developing academic excellence, establishing a biblical worldview, and shaping Christlike character. The end result we seek is young men and women who are totally committed to Jesus Christ and fully equipped to serve Him as their Lord and Savior for now and eternity.

School years are extremely important in shaping students for a lifetime. It is during these years that most attitudes and beliefs are developed, how one values others, how one views the world and finds one's place in it, and most importantly, how one understands God and His love. Through the use of excellent curricula, godly role models, and a foundation built on the Word of God. EPCA would count it a privilege to help you prepare your student for the future.

Our rigorous curricula are designed to help each student reach their full academic potential. We enrich our academic program with special classes such as vocal music, instrumental music, foreign language, computer, physical education, media, and athletics. We participate in area academic contests and provide opportunities for extra-curricular activities.

If you would like to set up an appointment for a tour of our facilities and learn more about our programs, please call the school office.

Thank you again for your interest in Eagle Point Christian Academy.

Yours In Christ,

Jim Pryor
Administrator
